NHÀ XUẤT BẢN HÀ NỘI

Lời nói đầu

"Trăm hay không bằng tay quen. Học sinh giỏi là học sinh chăm chỉ.". Phương pháp duy nhất giúp mọi học sinh **GIỎI TOÁN** là **GIỎI TÍNH**. Muốn **GIỎI TÍNH** thì việc thực hiện tính nhiều là điều cốt lõi đầu tiên. Thấu hiểu điều đó, đội ngũ tác giả của Qbooks đã cho ra đời cuốn sách "**ĐỂ GIỎI TOÁN con phải GIỎI TÍNH 1**" nhằm mục đích giúp các em **học sinh lớp 1** thành thạo các phép tính cơ bản trong chương trình học.

Cuốn sách được biên soạn theo chương trình **sách giáo khoa mới**. Các bài tính được thiết kế theo lộ trình học của học sinh lớp 1 xuyên suốt năm học. Cuốn sách đi kèm với các **video hướng dẫn tính** và các **video bài giảng**. Quý phụ huynh có thể tham khảo bằng cách **quét các mã QR** được đặt ở góc mỗi trang sách.

Các tác giả hi vọng rằng cuốn sách sẽ phần nào giúp ích cho quý phụ huynh trong hành trình đồng hành cùng con chinh phục tri thức. Trong quá trình biên soạn, khó tránh khỏi những sơ suất, các tác giả rất mong nhận được ý kiến đóng góp từ các thầy cô giáo, các bậc phụ huynh và các em học sinh để cuốn sách hoàn thiện hơn trong những lần tái bản tiếp theo.

Xin cảm ơn!

Các tác giả
